

Dear Clients and Friends,

Assuming our commitment to the situation that Chile and the world are experiencing as a result of the **Coronavirus pandemic (COVID-19)**, Bofill, Escobar y Silva Abogados has activated its protocols for the protection of health of our lawyers, team, clients and the population in general. Business continuity is guaranteed and, following these protocols, the firm is working normally.

Assistance to hearings and other activities continues to develop normally, in order to ensure proper representation and defense of the interests of our clients.

The meetings have been reduced to those strictly necessary and the others are held through telephone conferences and videoconferences, prior coordination with the clients.

We have the necessary technological means and the Bofill Escobar Silva team is ready to continue providing services remotely.

Best regards.
